Working Waterways and Waterfronts National Symposium on Water Access 2010
Working Agenda - UPDATED September 16, 2010
September 27-30, 2010

KEY:
▲ TRACK I - Economic, Social/Cultural, and Environmental Impacts of and on Working Waterfronts
▌ TRACK II - Successful Local, Regional, State, and Federal Strategies Addressing Working Waterfront
◘ TRACK III - Access to Capital and Grant-making for Working Waterfront Initiatives Federal and State Focus
♦ TRACK IV - The Working Waterfront Interface: Small Business to Regional Port
► TRACK V - The Future of Working Waterfronts: Changing Climate, Changing Influence, Changing Uses

Monday, September 27

Afternoon  OPTINAL FIELD TRIPS

1.1 Working Waterfront Access Pilot Program (WWAPP) Projects
Join hosts Tim Glidden from the Land for Maine's Future Program and Hugh Cowperthwaite from Coastal Enterprises, Inc. for discussions about the WWAPP program and project details (http://www wwapp.org). Come learn first-hand from North End Lobster Co-op President Dana Faulkingham about their unique property. The Co-op purchased a former boatyard property and then applied and was accepted into Maine's Working Waterfront Tax Law and the Working Waterfront Access Pilot Program. The Co-op is now well positioned with a lower annual property tax bill and will receive payment from the state of Maine to extinguish their future development rights from other uses of the property (www.westportslandlobsters.com) We will then travel to visit Holbrook’s Wharf in picturesque Cundy’s Harbor, Harpswell. We will meet with Holbrook Community Foundation President Bill Mangum for a tour and discussion of this multi-use property with an interesting story about how a community rallied to save a working pier. (www.holbrookcommunityfoundation.org) This trip will leave the Holiday Inn by the Bay at 1:00 PM and return at 6:00 PM. The total cumulative travel time for this trip in 2-hours and 45 minutes with stops in between. This trip is limited to 12 participants. Cost is $25.

1.2 Small Harbor Improvement Program (SHIP) Projects
Join host Kevin Rousseau from the Maine Department of Transportation for a tour of 3 municipal projects located in southern Maine that received funds from the SHIP program. Come learn the mechanics of this bond referendum funded program and see firsthand how it has leveraged municipal investment in commercial and recreational marine infrastructure projects. The group will visit the Camp Ellis fish pier in Saco, the Pine Point municipal pier in Scarborough & the Portland Street Pier in South Portland (www.maine.gov/mdot/freight/ship1.php) This trip will leave the Holiday Inn by the Bay at 1:00 PM and return at 5:00 PM. The total cumulative travel time for this trip in 1-hour and 15 minutes with stops in between. This trip is limited to 5 participants. Cost is $25.

1.3 Flying Point Oyster Farm – TRIP IS CLOSED
Join hosts Sebastian Belle from the Maine Aquaculture Association and Dick Clime from Coastal Enterprises, Inc. (an original oyster grower of thirty years in Maine) & Catherine Schmitt from the University of Maine Sea Grant for a visit to Flying Point Oyster Farm in Freeport. The group will learn about growing oysters first hand from Eric Horne & Valy Stevelynck and have an opportunity to visit the grow out site and taste some of the fruits of their labor. There will also be opportunity for in depth discussions about aquaculture in Maine. See the article written by Catherine Schmitt titled “Maine’s Oyster Renaissance” that appeared in a 2008 edition of the Maine Food & Lifestyle magazine (www.seagrant.umaine.edu/files/pdf-global/Schmitt_oysters_MFL_0.pdf) This trip will leave the Holiday Inn by the Bay at 3:15 PM and return at 6:00 PM. The total cumulative travel time for this trip is 1-hour. This trip is limited to 12 participants. Cost is $25.
Wells National Estuarine Research Reserve – TRIP IS CLOSED
Join host Paul Dest, Wells NERR, for a walk at the Wells National Estuarine Research Reserve at Laudholm Farm to explore the natural and cultural history of the site. Laudholm Farm was settled in 1642 and had a long history as a saltwater farm before it became a National Estuarine Research Reserve. The Wells Reserve's landscape is dominated by salt marsh, but also encompasses fields, forests, and beaches, a variety of habitats supporting diverse plant and animal communities. We’ll take an interpretive walk describing the nature and wildlife of the site on our way to the beach. Then the group will visit Laudholm Beach to learn firsthand how public and private beach access rights have been addressed in the Town of Wells through several important legal challenges. (www.wellsreserve.org) This trip will leave the Holiday Inn by the Bay at 1:00 PM and return at 5:00 PM. The total cumulative travel time for this trip is 1-hour and 30 minutes. **This trip is limited to 5 participants. Cost is $25.**

Casco Bay Lines Mail boat run with brief stops at islands
Come aboard the Casco Bay Lines ferry (http://www.cascobaylines.com) for a 3-hour cruise of picturesque Casco Bay and the surrounding islands that have a year round population. Casco Bay Lines is the "lifeline" for the residents of the year round Casco Bay islands, carrying over 977,000 passengers, 5,300 tons of freight, and 25,000 vehicles annually. The cruise will include brief stops at Little Diamond Island, Great Diamond Island, Long Island, Cliff Island and Chebeague Island where passengers and cargo will load and unload. This trip will leave the Holiday Inn by the Bay (by foot) at 2:00 PM and return (by foot) at 6:00 PM. The total cumulative travel time for this trip is a 15-minute walk from the Holiday Inn by the Bay to the ferry terminal, a 3-hour ferry ride and a 15-minute walk back to the Holiday Inn by the Bay. There is no limit on the number of participants for this trip. **Participants will pay the $12.50 round trip fee at the ferry terminal before departure.**

6:00 PM
New Hampshire

Welcome Reception at the Holiday Inn By the Bay
Including a photographic display of Maine's Working Waterfront as viewed through the eyes of seventeen young Maine photographers, ranging in age from twelve to seventeen. Their diverse and compelling photographs highlight waterfront workers, boats, birds, lobster crackers, buoys and much more.

Tuesday, September 28

7:00 AM
New Hampshire

Breakfast

Welcome and Launch of Symposium: Paul Anderson, Director, Maine Sea Grant Program

Welcome by Maine Hosts
- Local Welcome: Nick Mavodones, Mayor, City of Portland and Operations Manager, Casco Bay Lines Ferry Service
- State Welcome: George Lapointe, Commissioner, Maine Department of Marine Resources
- Charge for Event

9:30 AM
Vermont

Keynote Address: Susan Collins, US Senator (via video)

9:45 AM
Vermont

Keynote Address: Dr. Larry Robinson, Assistant Secretary for Conservation and Management, NOAA

10:20 AM

♦ TRACK IV - The Working Waterfront Interface: Small Business to Regional Port

A GIS-Based Tool for Inventorying Uses and Infrastructure at Ports and Commercial Harbors
1. Jennifer McCann, Extension Leader for Coastal Programs, Rhode Island Sea Grant/University of Rhode Island Coastal Resources Center, Moderator
2. Dan Goulet, Rhode Island Coastal Resources Management Council
3. Katherine Trapani, Planning Manager, Quonset Development Corporation

Rhode Island

► TRACK V - The Future of Working Waterfronts: Changing Climate, Changing Influence, Changing Uses

The Future of Working Waterfronts: Post-Katrina
Stephanie Showalter, Director, National Sea Grant Law Center, Moderator
1. Privatization of Public Land: How Case Law Influences Access to Public Resources
   Melissa Daigle, Legal Coordinator, Louisiana Sea Grant Law & Policy Program
2. Critical Role Of Publicly Owned Waterfront In 'Emergency Rule' Disaster Response
   Albert Gaude, Area Fishery Agent, LSU AgCenter/Louisiana Sea Grant
3. The Fate of Working Waterfronts: The Alabama Experience
   Jody Thompson, Extension Associate, Auburn University Marine Extension & Research Center

4:15 PM Transition to walking tours
4:30 PM Optional walking tours of Portland’s Working Waterfront (no fee but pre-registration required)
6:30 PM Dinner on your own OR Dinner and Workshop ____________________________________

New Hampshire

▲ TRACK I - Economic, Social/Cultural, and Environmental Impacts of and on Working Waterfronts

Assessing Economic Impact of Working Waterfront Communities Using the Ohio Business Retention and Expansion Initiative Model
Joe Lucente, Assistant Professor and Extension Educator, Ohio State University Extension/Ohio Sea Grant College Program

Connecticut

◼ TRACK III - Access to Capital & Grant-‐making for Working Waterfront Initiatives Federal and State Focus

How to Prepare Your State for National Working Waterfront Funding
Jennifer Litteral, Policy Director, Island Institute, Moderator
1. National Working Waterfront Legislation HR 2548 Keep America’s Waterfront Working
   Nick Battista, staffer for Maine Congresswoman Chellie Pingree
2. Deirdre Gilbert, Special Assistant to the Commissioner, Maine Department of Marine Resources

You must register for workshops. Participants will have dinner at 6:30. Workshops run from 7:00 - 8:30 (There is an additional fee for dinner - $15.)

Wednesday, September 29

Vermont

◼ TRACK III - Access to Capital & Grant-‐making for Working Waterfront Initiatives Federal and State Focus

Access to Capital and Grant-‐making: Federal and Model State Programs
Dennis Damon, Maine State Senator, Chair of Marine Resources Committee, Moderator
1. U.S Fish and Wildlife Service Grant Opportunities for Boating Access, Boating Infrastructure Grants, Clean Vessel Act Grants
   Christy Vigfusson, National Grant Programs Coordinator, U.S. Fish and Wildlife Service
2. Adaptive Implementation of Maine’s Working Waterfront Access Pilot Program (WWAPP) over a Four Year Period
   Dick Clime, WWAPP Administrator, Coastal Enterprises Inc., Jim Connors, Senior Planner, Maine Coastal Program, and Hope Hilton, Attorney for State of Maine, Working Waterfront Access Pilot Program
3. The Working Waterfront Tax Law - Maine’s Newest Current Use Taxation Program
   Jeff Kendall, Chief of Training & Certification, Maine Revenue Services

10:30 AM
Vermont
11:00 AM
BREAKOUTS

▲ TRACK I - Economic, Social/Cultural, and Environmental Impacts of and on Working Waterfronts
Portland, Oregon - Working Waterfronts in the 21st Century
1. Phil Grillo, Attorney, Miller Nash LLP, Moderator
2. Ann Gardner, Executive Director of the Working Waterfront Coalition
3. Tom Bouillion, AICP, Planning Manager for Marine and Industrial Development, the Port of Portland

Massachusetts

▌ TRACK II - Successful Local, Regional, State, and Federal Strategies Addressing Working Waterfront
Successful Strategies: Effective Partnerships and Networks
1. Sustainable Coastal Communities and the West Coast Governors’ Agreement on Ocean Health: Experiences Creating and Implementing a Tri-State Action Plan
   Katrina Hoffman, Coastal Resources Specialist, Washington Sea Grant
2. The West Coast Ecosystem-based Management Network: An Innovative Partnership of Local Coastal Communities
   John Hansen, Network Coordinator, West Coast Ecosystem-based Management Network
3. Connecting Community and Commercial Fishermen to Create a Healthy Waterfront: Hatteras Island, North Carolina
   Jack Thigpen, Extension Director, North Carolina Sea Grant, Moderator
   co-authors Susan West, Hatteras Island Journalist, Jennifer Brewer, East Carolina University, Sara Mirabilio, North Carolina Sea Grant
4. Identifying Coastal Waterfront Access Challenges & Opportunities for South Carolina Marine Fisheries Stakeholders
   Amber Von Harten, Fisheries Specialist, South Carolina Sea Grant

♦ TRACK III - Access to Capital & Grant-making for Working Waterfront Initiatives Federal and State Focus
Access to Capital and Grant-making: Non-Government Organizations and Public Private Partnerships
1. The Role a Community Development Organization can take in the Protection of Working Waterfronts
   Hugh Cowperthwaite, Fisheries Project Director, Coastal Enterprises, Inc., Moderator
2. What is the Role of Private Funding in Working Waterfront Preservation
   Robert Snyder, Vice President of Programs, The Island Institute
3. Community Action Saves A Working Waterfront
   Sue Hawkes, Board Member, Holbrook Community Foundation

♦ TRACK IV - The Working Waterfront Interface: Small Business to Regional Port
Plans, Programs and Policies Fostering Cooperation
Chuck Pistis, Program Coordinator, Michigan Sea Grant Extension, Moderator
1. Harbor Planning: An Example of a Successful Harbor Advisory Committee
   Andy McDonald, Principal Planner, Duluth-Superior Metropolitan Interstate Council
2. Toward a "Shipwatching Program" for Boston Harbor: An Idea Whose Time Should Come
Dr. Dennis Ducsik, Public Trust Policies Coordinator, Massachusetts Office of Coastal Zone Management

► TRACK V - The Future of Working Waterfronts: Changing Climate, Changing Influence, Changing Uses

Adapting to New and Future Uses of Waterfronts
Madeleine Hall-Arber, Anthropologist, MIT Sea Grant College Program, Moderator
1. Ferry Experience in New York Harbor
   Amit Bhowmick, Manager, Ferry Operations, Port Authority of NY & NJ (tentative)
2. Flagships for the Future
   Andrew Willner, Sustainability Consultant, Andrew J Willner, Inc.
3. Keeping Working Waterfronts Viable Through Economic Diversification; Aquaculture a Tool for the Next Generation
   Sebastian Belle, Executive Director, Maine Aquaculture Association

Lunch at Holiday Inn By the Bay

PLENARY SESSION

♦ TRACK IV - The Working Waterfront Interface: Small Business to Regional Port

Working Waterfront Interface: Federal Programs and Working Waterfronts
Tom Murray, Extension Program Leader, Virginia Institute of Marine Science, Moderator
1. U.S. Coast Guard: Making Connections, Strengthening Community
   Laura van der Pol, Chief, Waterways Management Division, U.S. Coast Guard Sector Northern New England
2. Marine Spatial Planning: Where do Working Waterfronts Fit In?
   Stephanie Showalter, Director, National Sea Grant Law Center
3. Using Coastal and Waterfront Smart Growth Elements to Address Working Waterfront Issues
   Kenneth Walker, Program Analyst, NOAA

Break

BREAKOUTS

▲ TRACK I - Economic, Social/Cultural, and Environmental Impacts of and on Working Waterfronts

Protecting Waterfront Environments from Harmful Impacts
1. The Evolution of Waterfront Protection Technology
   Pete Hanrahan, Erosion Control & Geoproduct Manager, Everett J. Prescott, Inc.
2. Small Oil Spills....More than a Nuisance.
   Eric Olsson, Education Specialist, Washington Sea Grant
3. A Low-Cost System for Environmental Monitoring, Deployed in Portland Harbor
   Nicholas Record, Research Associate, University of Maine/Gulf of Maine Research Institute, Moderator

TRACK II - Successful Local, Regional, State, and Federal Strategies Addressing Working Waterfront

Successful Strategies: Field-tested Tools for Addressing Working Waterfront Issues
Robert Swett, Florida Sea Grant, Moderator
1. Accessing the Coast: everything you wanted to know about the rights and responsibilities of accessing the coast
   Kristen Grant and Natalie Springuel, Marine Extension Associates, Maine Sea Grant; Jennifer McCormick, Coastal Communities Agent, New Jersey Sea Grant
2. At the Water’s Edge in Virginia: Local and Regional Tools, Strategies, and Policy to Ensure Public Access and Sustainable Dilapidation
Lewie Lawrence, Director of Regional Planning, Middle Peninsula Chesapeake Bay Public Access Authority

3. Regulation by Stakeholder Input and Its Subsequent Effect on Development and Access on the Highland Lakes
   Matt Phillips, Marina Program Coordinator, and Stan Rountree, Water Surface Management, Lower Colorado River Authority

Cumberland

▲ TRACK I - Economic, Social/Cultural, and Environmental Impacts of and on Working Waterfronts

Preserving Working Waterfront History: Social/Cultural Impacts
1. Heeding the Landscape’s Usable Past: Public History in the Service of a Working Waterfront
   Michael Chiarappa, Associate Professor of History and Environmental Studies, Western Michigan University, Moderator and Kristin Szylvian, Associate Professor of History, Western Michigan University
2. Redevelopment Strategies for a Diverse and Vibrant Newport Harbor
   Teresa Crean, Coastal Manager, Rhode Island Sea Grant/University of Rhode Island Coastal Resources Center
3. Midcoast Maine--More than Meets the Eye: A Photographic Exploration of Working Waterfronts from Port Clyde to Belfast as Seen Through the Eyes of Teenagers.
   Meredith Lynt, Program Director, Trekkers, Inc.

♦ TRACK IV - The Working Waterfront Interface: Small Business to Regional Port

Working Waterfront Interface: Linking Communities and Resources with Industry and Infrastructure
1. Providing Physical Public Access to the Shoreline in Industrial/Commercial Areas of Washington State
   Nicole Faghin, Senior Associate/Planning, AECOM Design + Planning
2. Landing Industry
   Daniel Adams, Urban Designer, Landing Studio
3. Links Between Community Waterfront Infrastructure and Access to Viable Natural Resources
   Peter Grenell, General Manager, San Mateo County Harbor District, Moderator

Massachusetts

Katrina Hoffman, Washington Sea Grant, Moderator
1. Revitalizing a Working Waterfront: The Redevelopment of Sheboygan’s South Pier District
   Patrick Doher, LEED AP Senior Vice President/Senior Civil Engineer, JJR
   Jessica Fernandes, Deputy Port Director, Port of New Bedford MA
3. Detroit’s New Riverfront – A Transformed Working Waterfront
   Patrick Doher, LEED AP Senior Vice President/Senior Civil Engineer, JJR

Seafood Banquet Dinner at Holiday Inn By the Bay

Film screening at Holiday Inn By the Bay
Enjoy clips from working waterfront related films from various parts of the country. A fun evening of sitting back and observing life in other parts of the country as it relates to working waterfront and coastal access issues. We will show (subject to change): "Life by Lobster", "March Point" and excerpts from "Coastal Clash", "Coastal Legacy in Puerto Rico" and "Life on the Water in Mississippi"

Thursday, September 30
